SUMMER
QUARTER
1968

UNIVERSITY OF SOUTHERN MISSISSIPPI

Ideal conditions

For Living

The University Union Building is a beautiful structure which is completely air-conditioned. It contains a spacious Recreation Room, rooms for social and religious meetings as well as conferences.

The University Commons is operated by the university and is an air-conditioned and comfortable facility offering well-balanced and pleasing menus at reasonable prices.

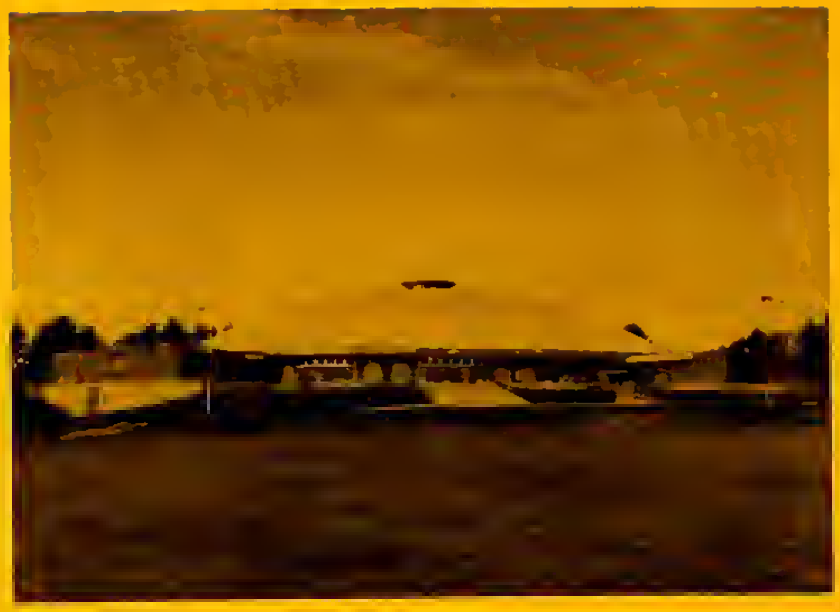
Student Health Services with an adequate staff of physicians and nurses are provided.

Other Facilities include the Southern Playhouse, the Sports Arena, up-to-date physical education facilities, a swimming pool, an eighteen-hole golf course, the campus radio station, a Meditation Chapel, and the Hub, which houses the post office, bookstore, gift shop, and snack bar.

For Learning

The Library is a modern completely air-conditioned structure with ample reading and study space for all who wish to use it. Open stacks provide delightful browsing as well as efficient accessibility for the serious student. Carrels are available for graduate students as are typing facilities and modern research facilities.

The Science Building is a spacious structure which provides complete air-conditioned classrooms, laboratories, and offices with the most modern equipment and facilities.



The Fine Arts Building is equipped with facilities for music and art. Sound-proof studios and modern equipment add to its utility. It is completely air-conditioned.

The Placement Center assists students in locating positions in business, industry, government, and public school teaching and administration.

The Testing Service has facilities for conducting a complete testing and counseling program.

Other Facilities include the modern home economics building, the Institute of Latin American Studies, complete reading, speech correction, and psychological clinics, and numerous classrooms and laboratories.

A Full Quarter's Work In Eleven Weeks

Whatever Your College Objective

There Is A Program For YOU

At The

UNIVERSITY OF SOUTHERN MISSISSIPPI

A full range of programs, Graduate and Undergraduate...

Schools and Divisions

The summer quarter of The University of Southern Mississippi is an integral part of the academic program. The curricula that are offered are identical with those of the fall, winter, and spring quarters. A student may complete a full quarter's work in the summer quarter.

Students may make progress toward fulfilling requirements for all degrees offered by the university. Programs leading to degrees are offered in the following Schools and Divisions:

The School of Education and Psychology
The College of Arts and Sciences
The School of Business Administration
The School of Fine Arts
The School of Nursing
The Division of Home Economics
The Graduate School

Graduate Programs

A balanced program of graduate courses is available in over twenty fields. These include all of the areas of education, psychology, biology, chemistry, mathematics, English, history, political science, speech, business administration, economics, office administration, health and physical education, recreation, industrial arts, home economics, and music. The following degrees are offered on the graduate level:

Doctor of Philosophy
Doctor of Education
Master of Arts
Master of Science
Master of Education
Master of Business Administration
Master of Music
Master of Music Education

Programs in Education

Undergraduate Certificate Programs. Courses especially designed to aid undergraduate and special students in meeting certification requirements for teaching in elementary and secondary schools are offered in the summer quarter.

Certificate Renewal Program. A special effort is made to offer courses needed by teachers for certification renewal requirements. These requirements frequently can be met in half a summer quarter.

Graduate Program. A full graduate program in education is provided in the summer quarter leading to the masters and doctoral degrees.

Preprofessional Programs

Preprofessional programs are available in engineering, medicine, dentistry, medical technology, nursing, optometry, pharmacy, and law.

The Quarter System

With bulging enrollments, the trend throughout the nation is to systems which makes possible year-round attendance in the university. Under the quarter system Southern is in the vanguard of progress in being a pioneer in this movement toward a practical year-round operational schedule. Through this system a full utilization of facilities is possible for the full year with a maximum enrollment. The summer quarter is an integral part of a four quarter program. It is the same length as other quarters and offers a complete schedule of work on every level. In the summer quarter counseling services are available for all students including beginning freshmen.

Housing

Several new and beautiful dormitories have just been completed. These with a number of other well-equipped dormitories provide excellent accommodations for both men and women. Rates in the dormitories average $85.00 per person per quarter. A number of campus apartments are available for married couples. For information about housing and to reserve dormitory rooms, contact the Director of Housing, Box 64, Southern Station, Hattiesburg, Mississippi 39401.

Admission

All students must meet admission requirements of the University of Southern Mississippi as stated in the university catalog. Information about admission to the university or enrolling as a visiting student from another institution may be obtained by writing the Director of Admissions Box 11, Southern Station, Hattiesburg, Mississippi.

Fees

One of the advantages of the University of Southern Mississippi is the relatively low expense involved. For a full load of work, the tuition fee for a resident of Mississippi is $104.00 for a quarter. A meal ticket in the Commons for a full quarter is $84.00. This means that the total cost of tuition, room and board for a resident of Mississippi to take a full quarter of work at the University of Southern Mississippi is $273.00

For part-time students the tuition fee is $9.00 per quarter hour.

Summer Quarter 1968 • A Truly Great Opportunity In Higher Education

BULLETIN
University of Southern Mississippi
Summer Quarter
1968
Volume 55 January, 1968 Number 3
Published by University of Southern Mississippi
Hattiesburg, Mississippi
Published quarterly by the University of Southern Mississippi, Hattiesburg, Mississippi. Entered as second class matter February 5, 1912 at the Post Office at Hattiesburg, Mississippi, under the Act of August 24, 1912. Owned and published by the University of Southern Mississippi, Southern Station, Hattiesburg, Mississippi.

Calendar

Whatever Your College Objective
There Is A Program For YOU
At The

UNIVERSITY OF SOUTHERN MISSISSIPPI

A full range of programs, Graduate and Undergraduate...

Schools and Divisions

The summer quarter of The University of Southern Mississippi is an integral part of the academic program. The curricula that are offered are identical with those of the fall, winter, and spring quarters. A student may complete a full quarter's work in the summer quarter.

Students may make progress toward fulfilling requirements for all degrees offered by the university. Programs leading to degrees are offered in the following Schools and Divisions:

The School of Education and Psychology
The College of Arts and Sciences
The School of Business Administration
The School of Fine Arts
The School of Nursing
The Division of Home Economics
The Graduate School

Graduate Programs

A balanced program of graduate courses is available in over twenty fields. These include all of the areas of education, psychology, biology, chemistry, mathematics, English, history, political science, speech, business administration, economics, office administration, health and physical education, recreation, industrial arts, home economics, and music. The following degrees are offered on the graduate level:

Doctor of Philosophy
Doctor of Education
Master of Arts
Master of Science
Master of Education
Master of Business Administration
Master of Music
Master of Music Education

Programs in Education

Undergraduate Certificate Programs. Courses especially designed to aid undergraduate and special students in meeting certification requirements for teaching in elementary and secondary schools are offered in the summer quarter.

Certificate Renewal Program. A special effort is made to offer courses needed by teachers for certification renewal requirements. These requirements frequently can be met in half a summer quarter.

Graduate Program. A full graduate program in education is provided in the summer quarter leading to the masters and doctoral degrees.

Preprofessional Programs

Preprofessional programs are available in engineering, medicine, dentistry, medical technology, nursing, optometry, pharmacy, and law.

The Quarter System

With bulging enrollments, the trend throughout the nation is to systems which makes possible year-round attendance in the university. Under the quarter system Southern is in the vanguard of progress in being a pioneer in this movement toward a practical year-round operational schedule. Through this system a full utilization of facilities is possible for the full year with a maximum enrollment. The summer quarter is an integral part of a four quarter program. It is the same length as other quarters and offers a complete schedule of work on every level. In the summer quarter counseling services are available for all students including beginning freshmen.

Housing

Several new and beautiful dormitories have just been completed. These with a number of other well-equipped dormitories provide excellent accommodations for both men and women. Rates in the dormitories average $85.00 per person per quarter. A number of campus apartments are available for married couples. For information about housing and to reserve dormitory rooms, contact the Director of Housing, Box 64, Southern Station, Hattiesburg, Mississippi 39401.

Admission

All students must meet admission requirements of the University of Southern Mississippi as stated in the university catalog. Information about admission to the university or enrolling as a visiting student from another institution may be obtained by writing the Director of Admissions Box 11, Southern Station, Hattiesburg, Mississippi.

Fees

One of the advantages of the University of Southern Mississippi is the relatively low expense involved. For a full load of work, the tuition fee for a resident of Mississippi is $104.00 for a quarter. A meal ticket in the Commons for a full quarter is $84.00. This means that the total cost of tuition, room and board for a resident of Mississippi to take a full quarter of work at the University of Southern Mississippi is $273.00

For part-time students the tuition fee is $9.00 per quarter hour.
